Wool.

Boston, May 22.—The Commercial Bulletin will say of the wool market in to-morrow's issue:
There is a better feeling in the wool market. Large seles of medium and low wools, domestic and foreign, have been made at no further concession in prices. Fine wools are firm and bids within half a cent of asking quotations have been turned down by some holders.

The West is excited and the new clip is moving freely at all centers. Prices are higher, if anything, to the grower than last week. Foreign advices continued strong. The shipments of wool from Boston to date from Dec. 21, 1992, are \$2,25,204 lbs. against 57,75,471 lbs. at the same date last year. ALL GRAINS ARE STRONG WITH HIGHER PRICES.

St. Louis Demand Sends Wheat Up to 74c; Corn and Oats Advance-Provisions Higher.

Chicago, May 22.-Higher prices were the ule throughout the list on the Board of Trade to-day. Wheat, after a rather weak opening, developed firmness and the close showed a gain in July of \40\cdot_c. Corn ruled firm, with a fair advance in prices, July closing 1/2 higher, while oats gained 1/40 %c. Provisions were 74@10c up. WHEAT.

WHEAT.

Abundance of rain in the wheat belt and lower cables caused a weak start in wheat, July being off at the opening ½@4c at 73½@73½c. Heavy selling by Armour on the bearish outlook caused a sharp break in May, prices declining 2½c. A portion of this was regained later on bidding by the same "long."

A bullish sentiment at St. Louis caused a demand from commission houses and scattered sources and started prices upward. July late in the sassion touching 74c, and the close was firm at 73½@73%c-a gain of %@14c. Damage reports offset in a measure more favorable crop advices and aided in the upturn. Pit traders who were short were the best buyers late in the day.

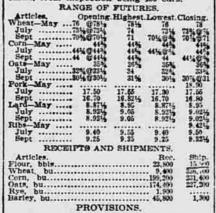

Clearances of wheat and flour were equal to 218,842 bu. Primary receipts were 184.337 bu., against 185,625 bu. last year. Brad street's exports for the week of wheat and flour were £23,000, against 3,201,000 last week and 5,185,000 a year ago. Minneapolis and Duluth reported receipts of 114 cars, which, with local receipts of 7 cars—none of the contract grade—made total receipts for the tree points of 14 cars, against 136 last week and 116 a year ago.

Rains throughout the corn belt impacted.

a declining tendency to the early market after a steady opening with July unchanged atter a steady opening with July unchanged to 16 tower at 41/2641%c. There was some selling early, resulting in a still further loss, but liberal buying by a prominent commission house caused a rally, and under the influence of wheat strength, an advance occurred in all months, the close being firm at near best prices, with July at 41%c, a gain of 1/2c. Local receipts were 279 cars, with 19 of contract grade. OATS. Oats presented an entirely different aspect

from yesterday. Good buying by shorts and scattered commission houses caused a RANGE OF FUTURES.

Packers supported provisions and the market was firm. Higher prices ruled through-10c at \$16.80 and \$3.02, while ribs showed a gain of 7½ at \$3.32.
